

**ANNUAL REPORT
FISCAL YEAR 2010**

**RURAL VOLUNTEER FIRE DEPARTMENT ASSISTANCE PROGRAM
(HB 2604)**

I. OVERVIEW

The Rural Volunteer Fire Department Assistance Program (also known as the HB 2604 Program) was established in 2001 by the 77th Texas Legislature. It provides \$23,250,000 annually for training and equipping volunteer fire departments throughout Texas. It is funded through the Rural Volunteer Fire Department Assistance Fund (Fund 5064), which is composed of revenue derived from an assessment on certain property and casualty insurers. The program is administered by the Texas Forest Service.

The program was designed in the spring of 2002 in consultation with statewide advisory groups composed of firefighters, community leaders, educators, representatives from the State Firemen's and Fire Marshals' Association of Texas, Texas Engineering Extension Service, and the Texas Commission on Fire Protection. The program is designed to provide cost-share grants to volunteer fire departments in the following categories:

Fire Trucks	90% of the actual cost not to exceed certain maximums
Fire Truck Chassis' / Slip-On Modules	90% of the actual cost not to exceed certain maximums
Fire Equipment / Rescue Equipment	75% of the actual cost not to exceed certain maximums
Firefighter Protective Clothing	75% to 90% of the actual cost not to exceed certain maximums
Firefighter Training Tuition / Fire Training Libraries	100% of the cost of approved certified courses, subject to certain maximums
Dry Hydrants	100% of the costs of components, subject to certain maximums

II. ACTIVITY

In FY 2010, funds were apportioned by Region at the beginning of the year as follows:

<u>WEST TEXAS</u>	<u>CENTRAL TEXAS</u>	<u>EAST TEXAS</u>
20%	55%	25%

These allocations correspond to the location of the state's approximate 1,700 volunteer fire departments. At year-end, actual grant approvals by Region were as follows:

<u>WEST TEXAS</u>	<u>CENTRAL TEXAS</u>	<u>EAST TEXAS</u>
20.08%	55.24%	24.68%

III. STATUS

The Texas Forest Service conducted funding meetings in September, November, March, and August of FY 2010. The attached summaries show the grant approvals by category, region, fire department, and county. The following is a summary of the requests for assistance that were approved:

<u>Category</u>	<u>Number of Grants</u>	<u>Number of Items</u>	<u>Cost-Share \$ Value</u>
Fire Trucks	150	150	\$17,826,625
Fire Truck Chassis / Slip-On Modules	79	79	\$ 1,886,961
Fire / Rescue Equipment	239	602	\$ 1,455,424

Personal Protective Equipment (PPE)	230	4,592	\$980,739
Training	1,708	10,458 Students 84 Libraries 46 E-Projectors	\$2,104,962
TOTAL	2,406 Grant Applications Approved		\$24,254,711 in Grant Funds Allocated

The 81st Texas Legislature transferred \$1,000,000 from the Texas Commission on Fire Protection's Fire Department Emergency Program to the Texas Forest Service Rural Volunteer Fire Department Assistance Program. The transfer took effect January 1, 2010. The Texas Forest Service worked closely with fire service advisors to develop guidelines for a new grant program called the TIFMAS Grant Assistance Program. TIFMAS is an acronym for Texas Intrastate Fire Mutual Aid System. The TIFMAS Grant Assistance Program provides grants to fire departments that are not otherwise eligible for the Rural Volunteer Fire Department Assistance Program. In fiscal year 2010, the available balance for TIFMAS grants was \$999,520. The following grants were awarded under the TIFMAS Grant Assistance Program:

<u>Category</u>	<u>Number of Grants</u>	<u>\$ Value</u>
Fire Trucks	8	\$799,943
Training Tuition	32	\$ 44,028
Breathing Apparatus	4	\$ 52,157
Structural PPE	12	\$ 87,333
Wildland PPE	2	\$ 15,960

IV. PLANS FOR FY 2011

The Texas Forest Service will modify its statewide funding strategy for the HB 2604 Program in FY 2011. Priority will be placed on approving all outstanding grant applications for fire trucks. This will complete the goal of assisting every qualified volunteer fire department with the acquisition of at least one fire truck. Achieving this goal will set the stage for the launch of round-two of fire truck grants, possibly beginning in the spring of 2011.

V. LEGISLATIVE NEED

No legislative action is needed at this time.

VI. EFFECTIVENESS

The Rural Volunteer Fire Department Assistance Program continues to be a highly effective program and is recognized nationwide as one of the most successful legislative initiatives of Texas government in the 21st century. In its first eight years of operation it has placed into service over 1,259 fire trucks, has provided safety gear to an estimated 45,000 firefighters, and has helped train approximately 34,000 firefighters. In 2006, the USDA Forest Service awarded the program its national Franklin Award for outstanding service in protecting underserved rural communities.

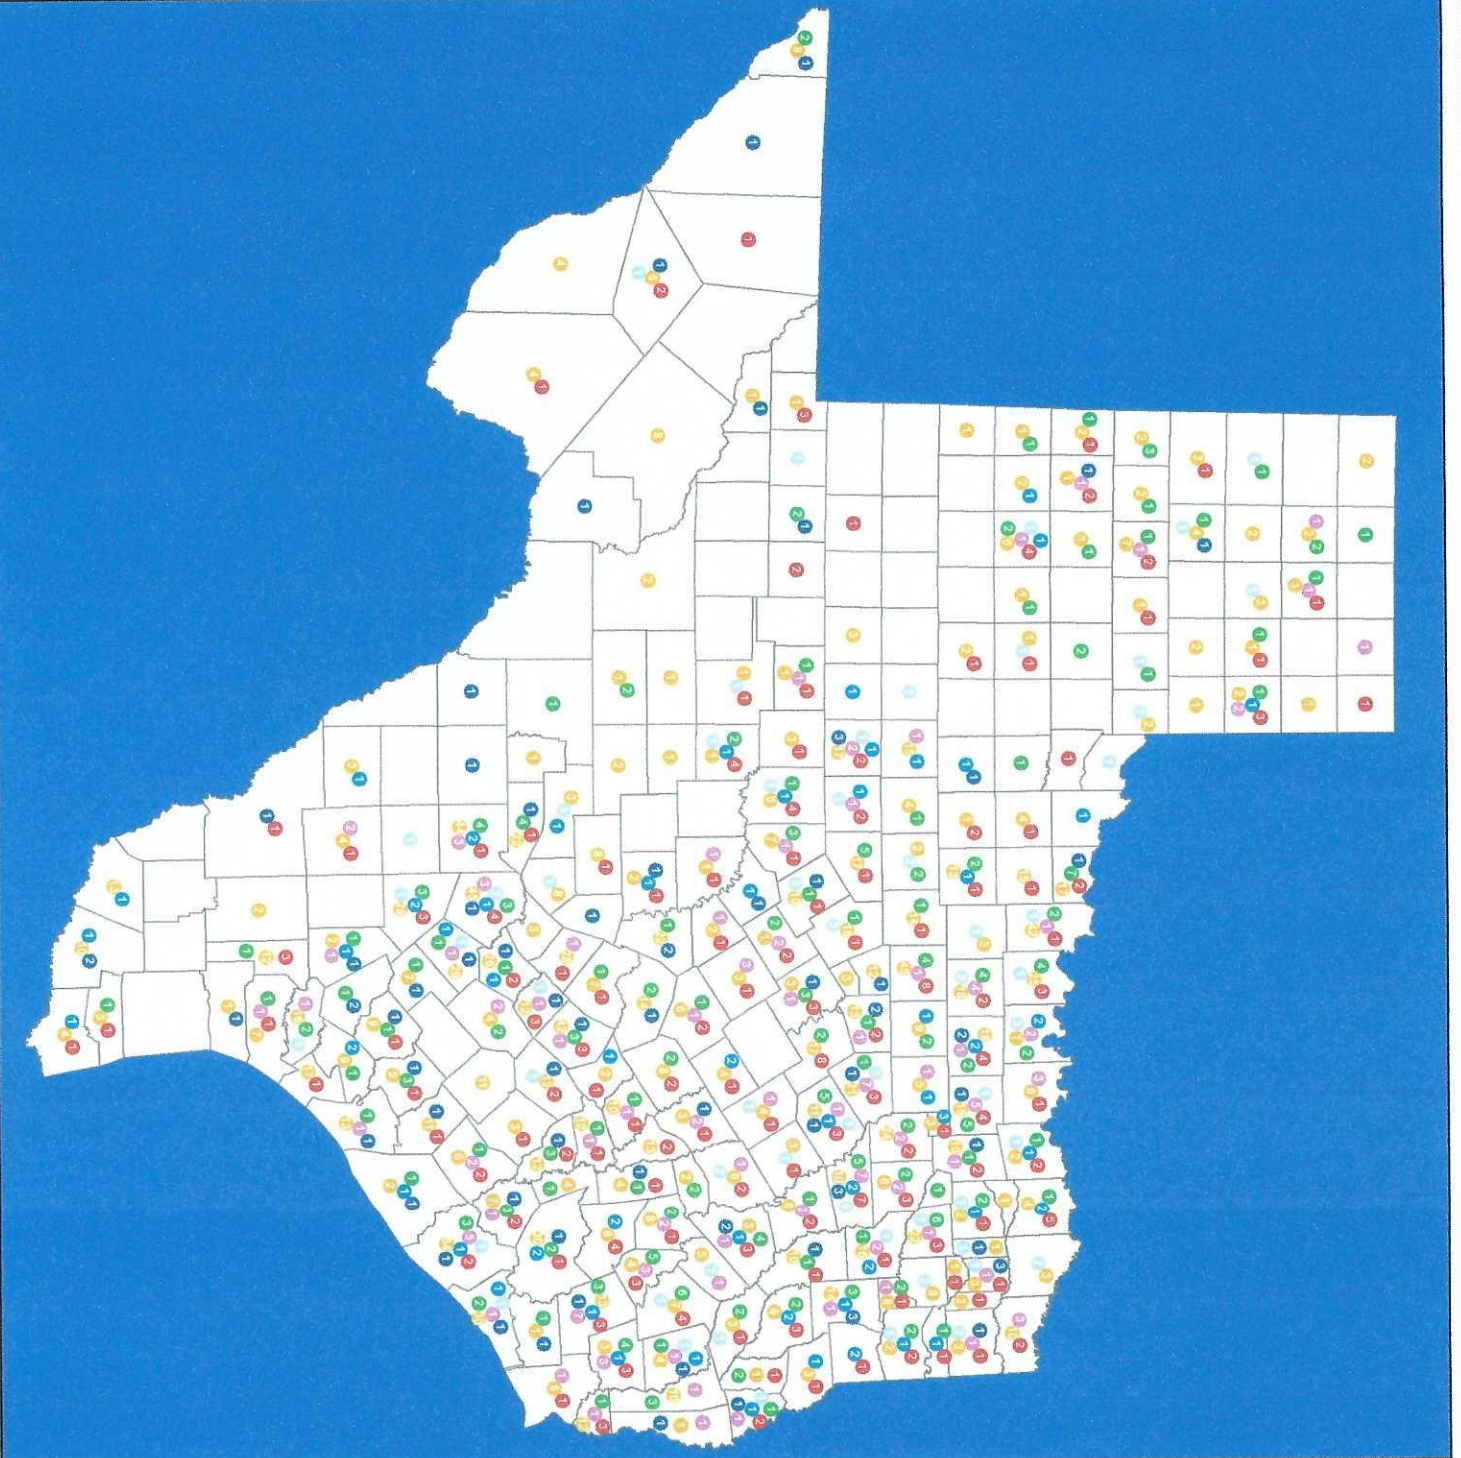

The Texas Forest Service continues to leverage HB 2604 funds with federal USDA funds in an effort to stretch state funds as far as possible. The program has a simple and straightforward grant application process that makes it easy for rural fire departments to enroll.

The program continues to be very friendly and responsive to the needs of Texas communities. It has experienced overwhelming support and participation from Texas volunteer fire departments. Grant application backlogs are forecast to continue for the foreseeable future.

On behalf of volunteer fire departments everywhere, the Texas Forest Service extends its sincere thanks and gratitude to the members of the Texas legislature who work to strengthen and improve this valuable program.
